Kingston Secondary School Construction Update

Construction of the new Kingston Secondary School (KSS) is well under way and the shell of the 171,000-square-foot facility is taking shape. Work continues on the site, however, unforeseen delays and disruptions have, unfortunately, put the project behind schedule.

Given the size and scope of this large and complex project, setbacks such as this sometimes occur. While this is disappointing news, the contractor remains focused on completing construction as soon as possible, but these recent delays will prevent us from opening the new school in September 2019 as planned.

We are working with the contractor to develop a revised construction schedule. We will share that new timeline with you as soon as possible, likely in January. We do expect to move students and staff into the new completed building within the 2019-2020 school year.

In the meantime, our contingency plan will see students and staff remain where they are at KCVI.

In February, we will welcome the newest member of the KCVI/KSS administrative team – Vice Principal Bryan Lambert – who will join Principal Talya McKenna and current Vice Principals Lonny Gibson and Margaret Connelly. Mr. Lambert will join us from Ernestown Secondary School and he will oversee Module Vanier in addition to his vice principal role at KCVI/KSS.

Please know that school staff and the Limestone District School Board remain committed to providing you and your child(ren) with a safe and smooth transition. We appreciate your continued support, understanding and patience as we move through the final months of construction and into our new school.

Sincerely,

Krishna Burra
Superintendent of Education
KCVI/KSS Family of Schools

SEE YOURSELF IN LIMESTONE

Limestone District School Board is situated on traditional territories of the Anishinaabe & Haudenosaunee.
